**DATA DESTRUCTION
AND RECYCLING
SERVICES**

A service of:

We provide:

- Secure Containers
- Superior Customer Service
- Environmentally friendly service
- Employment for people with disabilities

Goodwill Easter Seals offsite shredding offers you:

- Complete destruction of sensitive information
- Trained personnel and highly secure facilities and processes
- Documented chain-of-custody for accountability
- Secure, environmental disposal of shredded materials

How our service works:

Goodwill Easter Seals will place **locked, secure containers** in locations you choose on your premises.

At regularly scheduled intervals, our uniformed employees will arrive at your location to swap-out the secure containers, transporting your material in a locked and secure vehicle.

Our shredding facility features **strict ID badge/security procedures, perimeter monitoring and continuous camera monitoring.**

At the conclusion of every shredding operation, we provide you with a Certificate of Destruction including chain-of-custody documentation.

Goodwill Easter Seals' non-profit business model is very different from traditional for-profit corporations. Our service has been created to provide meaningful employment for people with significant disabilities; this differs drastically from others providing data destruction who employ as few people as possible.

When choosing Goodwill Easter Seals' **DATA DESTRUCTION AND RECYCLING SERVICES** for your shredding needs you not only receive the benefits of industry leading compliance, you contribute directly to our community by creating jobs.

100% Recycling of Shredded Materials

Recycling paper is helping to create a green America. Recycling paper causes 35% less water pollution and 74% less air pollution.

Recycling 1 ton of paper saves:

- 17 trees
- 7,000 gallons of water
- 100 gallons of oil
- 4,000-kilowatt hours of electricity
- 3 cubic yards in the landfill

Goodwill Easter Seals' high speed, high capacity shredders allow us to shred at a lower cost than is possible with a mobile on-site shredder.
